Ref: Letter of Recommendation
Viacheslav Bereza

To whom it may concern,

Viacheslav Bereza has worked with Whisk for 10 months (from June 2022 to April 2023) as a Senior Frontend Engineer and has made a significant contribution to our business during this time. He has consistently demonstrated an exceptional work ethic, attention to detail, and an unwavering commitment to quality. He consistently went above and beyond what was expected of him and always showed a willingness to take on additional responsibilities.

During his time with us, Viacheslav Bereza proved himself

- as an experienced Engineer with profound knowledge in frontend development,
- as a fast learner, who could quickly identify ways to improve any project he worked on,
- as an excellent communicator and collaborator.

Furthermore, Viacheslav Bereza was able to seamlessly work in a distributed team setup, across multiple cultures and time zones. He is a trustworthy and passionate contributor who the team enjoyed working with.

I am confident that Viacheslav Bereza will make a valuable contribution to any organization he may join and I recommend him for any role that matches their qualifications and experience.

Nick Holzherr
CEO - Whisk (part of Samsung)
